Bids are invited for an estimated quantity of Supplies or Services as specified in Section 6, Statement of Requirements, under a framework contract arrangement. The Instructions to Bidders should be read in conjunction with the BDS. The subject and procurement reference number, and number of lots of this Bidding Document are provided in the BDS.
- 1.2 Throughout these Bidding Documents:
- (a) the term “in writing” means communicated in written form with proof of receipt;
 - (b) if the context so requires, singular means plural and vice versa; and
 - (c) “day” means working day.

2. Source of Funds

- 2.1 The Procuring and Disposing Entity indicated in the BDS has an approved budget from Government funds towards the cost of the procurement named in the BDS. The Procuring and Disposing Entity intends to use these funds to place a contract for which these Bidding Documents are issued.
- 2.2 Payments will be made directly by the Procuring and Disposing Entity for each call-off order and will be subject in all respects to the terms and conditions of the resulting contract placed by the Procuring and Disposing Entity.

3. Corrupt Practices

- 3.1 It is the Government of Uganda’s policy to require that Procuring and Disposing Entities, as well as Bidders and Providers observe the highest standards of ethics during procurement and the execution of contracts. In pursuit of this policy, the Government of Uganda represented by the Public Procurement and Disposal of Public Assets Authority (herein referred to as the Authority);
- (a) defines, for the purposes of this provision, the terms set forth below as follows:
 - (i) “corrupt practice” includes the offering, giving, receiving, or soliciting of anything of value to influence the action of a public official in the procurement process or in contract execution; and
 - (ii) “fraudulent practice” includes a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of the Procuring and Disposing Entity, and includes collusive practices among Bidders prior to or after bid submission designed to establish bid prices at artificial, non competitive levels and to deprive the Procuring and Disposing Entity of the benefits of free and open

competition;

- (b) will reject a recommendation for award if it determines that the Bidder recommended for award has engaged in corrupt or fraudulent practices in competing for the Contract;
 - (c) will suspend a Provider from engaging in any public procurement proceeding for a stated period of time, if it at any time determines that the Provider has engaged in corrupt or fraudulent practices in competing for, or in executing, a Government contract.
- 3.2 Furthermore, Bidders shall be aware of the provision stated in Sub-Clause 3.2 and Sub-Clause 35.1 (a)(iii) of the General Conditions of Contract.
- 3.3 In pursuit of the policy defined in Sub-Clause 3.1, the Procuring and Disposing Entity may terminate a contract for Supplies or Services if it at any time determines that corrupt or fraudulent practices were engaged in by representatives of the Procuring and Disposing Entity or of a Bidder or Provider during the procurement or the execution of that contract, without the Procuring and Disposing Entity having taken timely and appropriate action satisfactory to the Government to remedy the situation.
- 3.4 In pursuit of the policy defined in Sub-clause 3.1, the Government of Uganda requires representatives of both the Procuring and Disposing Entities and of Bidders and Providers to adhere to the relevant codes of ethical conduct. The Code of Ethical Conduct for Bidders and Providers is available from the Authority and Bidders are required to indicate their acceptance of this Code through the declarations in the Bid Submission Sheet.

- (a) if there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected, unless in the opinion of the Procuring and Disposing Entity there is an obvious misplacement of the decimal point in the unit price, in which case the total price as quoted shall govern and the unit price shall be corrected;
 - (b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
 - (c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (a) and (b) above.

- 36.3 The Procuring and Disposing Entity's financial comparison of bids may require the consideration of factors other than costs, in addition to the bid price quoted in accordance with ITB Clause 14. These factors may be related to the characteristics, performance, and terms and conditions of purchase of the Supplies or Services. Factors not included in Section 3 shall not be used in the evaluation of the Bidder's qualification.
- 38.3 An affirmative determination shall be a prerequisite for award of the Contract to the Bidder. D Financial Comparison Criteria**7. Costs to be included in Bid Price**

- 7.1 The financial comparison shall be conducted in accordance with ITB Clause 36. The costs to be included in the bid price bid are:
- (a) for supplies; the unit and total delivered price based on the delivery terms requested and the estimated quantity specified. The bid with the lowest evaluated price, from among those which are eligible, compliant and substantially responsive shall be the best evaluated bid.
 - (b) for services, fees; reimbursables and miscellaneous costs, for each activity. The bid achieving the highest combined technical and financial score shall be the Best Evaluated Bid.
 - (c) taxes, duties and levies;

8 Non-cost Factors to be included in Evaluated Price

- 8.1 The non-cost factors to be included in the evaluated price are:
- (a) Adjustment for deviations in the schedule of payment, if applicable.
 - (b) Adjustment for deviations in the delivery schedule, if applicable.

9 Margin of Preference

- 9.1 If the BDS specifies a margin of preference to goods manufactured in Uganda for the purpose of bid comparison, the following procedures will apply:

- (a) The Procuring and Disposing Entity will first review the bids to confirm the appropriateness of the classification, and to identify the bid group classification of each based upon bidders' declaration of origin.
- (b) All evaluated bids in each group will then be compared to determine the lowest evaluated bid of each group. If, as a result of the preceding comparison, the lowest evaluated bid is from Group B it will be further compared with the lowest evaluated bid from Group A, after adding to the evaluated bid price of goods offered in the bid for Group B, for the purpose of further comparison only an amount equal to fifteen (15) percent of the ex-factory/ex-warehouse bid price. The lowest-evaluated bid determined from this last comparison shall be selected for the award.

10 Determination of Best Evaluated Bid or Bids

- 10.1
- (a) for supplies; the bid with the lowest evaluated price, from among those which are eligible, compliant and substantially responsive shall be the best evaluated bid.
 - (b) for services, the bid achieving the highest combined technical and financial score shall be the Best Evaluated Bid.
- 10.2 Notwithstanding paragraph 10.1, if this Bidding Document allows Bidders to quote different prices for single lots and for the award to a single Bidder of multiple lots, the Procuring and Disposing Entity shall conduct a further financial comparison to apply any conditional discounts. The bid or bids offering the lowest priced combination of all the lots shall be the best evaluated bid or bids.

E Post-qualification Criteria

The Procuring and Disposing Entity shall undertake a post qualification on the Best Evaluated Bidder to confirm whether the best evaluated bidder has the capacity and financial resources to execute the procurement
